VORTEX VX-2 FLUID ROWER

HIGHEST QUALITY - COMPACT COMMERCIAL ERGOMETER

NOW WITH BELT DRIVE

The Vortex VX-2 Fluid Rower integrates the aesthetics of Italian design with the precision of German craftsmanship in a product that delivers exceptional performance and quality. Constructed using lacquered architectural steel, sculpted dual seat rails and with every detail finished to perfection, it represents outstanding value for money.

Our unique *Direct Drive* design ensures that all you feel, hear and see is the water churning through the tank. It's the closest thing to actual on-water rowing and you will love it! Close your eyes and you could be out on the river.

Adjustable resistance at the turn of a lever keeps users challenged, motivated and engaged. Our patented twin tank design delivers a massive range of resistance to suit every rower, from deconditioned seniors to professional athletes and oarsmen. **Instantly adaptable** to each individual, it encourages progression as fitness levels and abilities improve. You never outgrow a Fluid Rower.

Virtually maintenance free and designed for the toughest, or the most prestigious, of commercial environments, the Vortex VX-2 Fluid Rower delivers at every level. A product this good makes you want to exercise! Make rowing popular in your fitness facility and challenge the status quo of uninspiring, uncomfortable and narrowly focussed machines.

Vortex Series Rowing Ergometers. When you want the best.

VORTEX VX-2 FLUID ROWER

FEATURES AND BENEFITS

- **Variable Fluid Resistance** with 16 levels. Instantly adapts for progressive training, interval training or multiple user requirements.
- **No dead spots!** Patented twin tank design with stainless steel flywheel / impeller delivers perfect catch and consistent resistance throughout the entire stroke.
- **Best emulation of actual rowing** with the sensory stimulation of the sight, sound and feel of being on the water.
- Interactive Performance Monitor (IPM) with USB port - displays: time, speed, distance, stroke rate, calories, watts, level, pacer and heart rate. The IPM gives you Quick Start, manual programs, interval training, 6 previous workout memory and a unique pacer system.
- USB connectivity to WebRanking, Fluid-Coach, WebRacing and more.
- Smooth action seat that shapes to the user, with textured finish to prevent slip. Exceptional comfort assured. Optional back support available.
- Deluxe Ergonomic handle allows comfortable grip and minimized strain on forearms, wrists and hands.
- Easily adjusted footplates with secure heel capture and angled surface under ball of feet to assist leg drive.
- Durable belt drive – smooth, clean, quiet and maintenance free.
- Exceptional quality, precision welded frame with flawless metal flake coating and deep lacquer finish.
- Active recoil system to facilitate rapid stroke rate via extended bungee length and precision (German INA) dual one-way bearings.
- Dual seat rails in anodized aluminum with low friction seat rollers, concealed for a cleaner, smoother and safer ride.
- Rigid frame construction provides unmatched platform stability.
- Rubber cupped feet for adhesion to smooth floors and prevention of damage.
- Quality transport wheels for ease of movement. Stands for compact storage.
- Maximum user weight: 150kg (330lbs). Length: 201cm (79.13”), width: 81cm (31.88”).
- International full commercial warranty: 10 years on frame, 3 years on tank & seals, 2 years monitor and wear items.
